# NEW LONDON PARKS CONSERVANCY

A Non-Profit Organization

Our Mission:

To serve as a public-private partnership dedicated to park restoration, preservation, beautification, maintenance and safety; and the promotion of community involvement, utilization and the advocacy of the New London parks system

[www.nlarksconservancy.org](http://www.nlarksconservancy.org)

**P.O. Box 61  
New London, CT 06320**

In July 1999, a group of concerned citizens met to discuss the formation of a non-profit organization dedicated to the restoration, revitalization and maintenance of New London parks. In collaboration with the City of New London, the group held monthly public meetings where plans were formulated for the establishment of a New London Parks Conservancy, using the successful New York Central Park Conservancy as its basis.

### Volunteer Opportunities

- Monthly cleanup of designated parks
- Tree donation program
- Restoration and maintenance (gardening) of the parks
- Website/clerical
- Fundraising/Grant writing
- Become a Board member
- Public Relations
- Programs and special events

Our goals are set high, for we believe in you, the people and friends of New London, and your commitment to community, stewardship, quality recreational resources and safety. We all share the vision of a brighter New London for generations to come.

- The beauty and splendor of our parks will be restored and maintained
- Enjoyment and opportunities for secure, safe recreation will be increased
- Environmental and stewardship programs will be integrated into the New London school curriculum
- On-going partnerships with neighborhoods and leagues will be created
- Master gardeners and volunteers will skillfully design and maintain park gardens
- Funding for capital improvements will be obtained through fundraising and local, community, state and federal grants
- Opportunities to dedicate park benches, trees, flagpoles and play equipment will be established
- Residents, visitors and friends will all share in the on-going responsibility and reap the benefits of a beautifully revitalized park system
- The community will have the opportunity to enjoy all the parks through a variety of programs. Recreational, cultural and artistic activities will be available.

**Share the vision for revitalizing New London's parks. Play a responsive role in developing our city's parks, landscapes, playgrounds and athletic fields... Volunteer NOW...**

I would like to volunteer my time in the following area(s):
